Essays

1. The Most Exciting Football Match

Sports and games play an important role in keeping us healthy, strong and active. They also develop self-confidence and discipline. Therefore, every school arranges games and sports as co-curricular activities. Students get many benefits by participating in games and sports in school. Our school also arranges a sports week every year. Students take part in different games and show their talent. I still remember the last sports week in my school. All the matches were interesting and thrilling, but it was the final match of football that I liked the most. It was played between the football teams of Jinnah House and Farid House.

The match was played on Thursday. It was played on the football ground of our school. Students from all classes reached the ground just after the break. They sat in groups to support their favourite teams. As the referee blew the whistle, both teams entered the field. The sides were decided by means of a toss. The players took their positions. The ball was placed in the centre. The referee whistled and the match started. Both the teams were equally strong. The ball began to roll here and there. The players began to dash. At last, the team of Jinnah House got a chance. It was a very anxious moment for the rival team, but their goalkeeper saved the situation. The referee blew the whistle to announce the end of the first half. After half time, the play started again. Both the teams began to press each other. At last, the centre forward of the Farid House succeeded in scoring a goal. That was the only goal scored. Thus Farid House won the match. The team of Jinnah House congratulated the winning team. The crowd cheered. Supporters of the team rushed to the players to congratulate them on their brilliant victory.

After the prize distribution ceremony, all the students moved back to their classrooms. They all were talking about the match with great excitement. No doubt, it was a very interesting and exciting match.

2. The Most Exciting Hockey Match

Sports and games play an important role in keeping us healthy, strong and active. They also develop self-confidence and discipline. Therefore, every school arranges games and sports as co-curricular activities. Students get many benefits by participating in games and sports in school.
